

JUNGWON HUR

Fort Collins, CO | 214-724-7445 | hurjungwon@gmail.com | [Linedin](#) | [Credly](#)

PROFESSIONAL SUMMARY

CAD Designer and Mechanical Drafter with 15+ years of experience in 2D drafting, 3D modeling, engineering documentation, manufacturing support, and prototype development across aerospace, defense, industrial, oil & gas, lighting, and opto-mechanical industries. Proficient in Creo Parametric (Pro/ENGINEER), AutoCAD, SolidWorks, Inventor, and Fusion 360 with strong knowledge of GD&T, ASME standards, BOM development, and Windchill PLM. Experienced collaborating with engineering, manufacturing, and cross-functional teams in fast-paced production environments.

TECHNICAL SKILLS

CAD & Design

- Creo Parametric (Pro/ENGINEER)
- AutoCAD
- SolidWorks
- Inventor
- Fusion 360
- Onshape
- 2D Drafting & 3D Modeling
- Mechanical Design
- Assemblies & Technical Drawings

Engineering & Manufacturing

- GD&T (ASME / ANSI Standards)
- Engineering Documentation
- Bills of Materials (BOMs)
- Prototype & Production Support
- DFM / DFA
- Tolerance Analysis
- CNC Manufacturing Support
- Engineering Change Documentation

Systems & Software

- Windchill PLM
- Agile PLM
- Intralink
- Microsoft Office Suite
- Windows / Linux / macOS

Languages

- Bilingual: Korean and English
-

PROFESSIONAL EXPERIENCE

Computer Science & CAD Instructor

Colorado Early Colleges Fort Collins | Fort Collins, CO | 2024 – 7/2026

- Taught Computer Science, CAD, Cybersecurity, and Technology courses in classroom and virtual environments.
- Prepared students for Autodesk Fusion, MOS, and programming certification exams.
- Developed project-based curriculum focused on CAD workflows, programming, and technical problem-solving.
- Instructed students in CAD modeling, technical drawings, Python, Java, and industry-standard software tools.

Courses: CAD & Engineering Design, Computer Science, Python, Java, PC Applications, Cybersecurity

Business Manager / Operations Manager

Hahnum Corp | Broomfield, CO | 2018 – 2023

- Managed daily business operations including scheduling, purchasing, inventory, reporting, and customer relations.
 - Coordinated vendors, workflow improvements, budgeting, and administrative processes.
 - Oversaw operational documentation and technology systems.
-

IT Support Advisor

Apple | Remote | 2017

- Provided technical support and troubleshooting for Apple laptops, mobile devices, iOS, and macOS systems.
 - Assisted customers with diagnostics, setup, hardware/software issues, and account-related support.
-

JUNGWON HUR

Fort Collins, CO | 214-724-7445 | hurjungwon@gmail.com | [Linedin](#) | [Credly](#)

Mechanical Designer / CAD Designer

Woodward | Fort Collins, CO | 2012 – 2016

- Created 3D mechanical models and 2D manufacturing drawings using Creo Parametric and AutoCAD for aerospace, defense, and industrial engine control systems.
 - Produced component, assembly, installation, and fabrication drawings along with BOMs and engineering documentation.
 - Supported small and large engine project teams involving fuel systems, actuator components, machined parts, and mechanical assemblies.
 - Applied GD&T and ASME standards to support manufacturing and assembly requirements.
 - Utilized Windchill PLM for revision control, configuration management, and engineering documentation.
 - Supported prototype builds, engineering changes, testing, and manufacturing troubleshooting.
-

Opto-Mechanical Designer

OmniVision Technologies | Colorado | 2010– 2012

- Supported opto-mechanical design and documentation for precision optical and camera-related components.
 - Created 3D models, assemblies, detailed drawings, and machining-related data for precision manufacturing.
 - Assisted with prototype development, testing, and manufacturing support.
-

CAD Designer / Mechanical Drafter

ABB, VARCO, and Lighting Design Projects | Texas | 1998 – 2007

- Created 2D technical drawings and 3D mechanical models using AutoCAD and Pro/ENGINEER for industrial, oil & gas, and lighting projects.
 - Produced fabrication drawings, installation layouts, assembly drawings, and BOMs supporting manufacturing and field installation.
 - Applied GD&T and ASME drafting standards for fabrication and assembly documentation.
 - Supported engineering changes, prototype development, and manufacturing troubleshooting.
-

Data Analyst

Samsung | Seoul, South Korea

- Supported data analysis, reporting, technical documentation, and operational tracking activities.
 - Assisted with spreadsheets, reporting tools, and process management tasks.
-

EDUCATION

Master of Science in Computer Information Systems

Colorado State University | Fort Collins, CO

Bachelor of Science in Computer Science

Han Yang University | Seoul, Korea

Associate of Applied Science in Drafting Technology

Lone Star College | Houston, TX

CERTIFICATIONS

- Autodesk Fusion Certification
- AutoCAD Certification
- Onshape Certification
- PTC Creo Certification
- Microsoft Office Specialist (MOS)
- Python, Java, C++
- SolidWorks
